Morningside Nannies
2020 Southwest Freeway
Houston, Texas 77098

To Whom It May Concern:

I am writing this letter in high recommendation of Morningside Nannies as a temporary babysitting service for my children. I have used Morningside Nannies for the last year and a half when I need an urgent babysitter or when my children's schools are out for vacations when I must work. The nannies are excellent, well trained and extremely dependable. My children have always loved the nannies that have come from Morningside Nannies. I feel completely safe when my children are in their hands and it gives me great comfort. The office staff also at Morningside Nannies are extremely helpful and very interested in feedback each time I have a new sitter. In this way, they continue to guarantee excellent care and are very successful. If you have any further questions, please don't hesitate to call.

Sincerely,

Evelyn A. Paysse, M.D.
Associate Professor of Ophthalmology and Pediatrics
